### PDO THREADING\*

Lift and tighten sagging skin tissue, using threads made of Polydioxanone (PDO). Once introduced, the threads produce three effects in the skin: *Instant skin lifting through mechanical effects, cellular renewal through collagen stimulation, and neovascularisation to improve skin texture by contracting fat tissue.*

**Areas Treated:** Lips, Marionette Lines, Crows Feet, Jaw Line and Cheek Lift, Buttocks, and Breast Lift

CONSULTATION REQUIRED TO DETERMINE A CUSTOMIZED TREATMENT PLAN

PRICES VARY BASED ON TREATMENT REQUIRED.

### CHEMICAL PEEL

Our full range of superficial peels can help your complexion appear more uniform and renewed—diminishing the appearance of fine lines, wrinkles, and roughness.
